ICHLOR® PRODUCTION SPECIALIST – Watertown, MA

BARCLAY WATER MANAGEMENT, INC. was founded in 1932 and is the oldest and largest employee-owned water treatment organization in North America. We manufacture a wide range of specialty treatments for controlling water chemistry in heating, cooling, process and power generating systems. Our products and services extend the useful life of boilers, chillers, cooling towers, process heat exchangers and piping systems as well as reduce utility plan operating costs by minimizing water and energy consumption. We are currently looking for an iChlor® Production Specialist to work in our production facility in Watertown, MA.).

Qualified iChlor® Production Specialist candidates are encouraged to send a cover letter and resume to our Human Resources Department at careers@barclaywater.com.

Responsibilities include:

- Manufacture and assemble specialized water treatment equipment
- Maintain production and maintenance inventory for manufactured water treatment equipment
- QC manufactured water treatment equipment including troubleshooting and repairing
- Provide service and technical support, regarding manufactured water treatment equipment
- Maintain accurate records for manufactured equipment

Qualifications include:

- B.S. in Engineering/Science or a related field preferred
- 0-5 years' related experience
- Good mechanical skills required
- Strong attention to detail & organizational skills required
- Plumbing experience preferred
- Strong relationship management skills
- Excellent oral and written communication skills
- Valid driver's license with a good driving record
- Must be authorized to work in the United States

Barclay Water Management, Inc. offers a competitive salary and benefits package including an ESOP (employee stock ownership plan). Qualified iChlor® Production Specialist candidates are encouraged to send a cover letter and resume to our Human Resources Department at careers@barclaywater.com.
