

PLANT OPERATOR

BARCLAY WATER MANAGEMENT, INC. For nearly a century Barclay Water Management, Inc. has been recognized as a leading provider of water treatment programs to protect water and steam heat exchangers and related piping systems. The company's Environmental Group develops custom water hygiene programs to minimize the risks associated with Legionella bacteria and other waterborne pathogens in building water systems. A closely controlled water treatment program is an essential element in every streamlined facility. We focus on providing clients with superior, cost-effective water treatment products and services, delivered by some of the most experienced and educated water treatment engineers.

We are seeking a motivated, enthusiastic team player to work in our fast-paced manufacturing plant in Watertown, MA. Overtime may be required.

Responsibilities include:

- Blending, packaging and labeling of water treatment products
- Loading and unloading delivery trucks
- Periodically assist in the delivery of liquid water treatment chemicals to industrial and commercial clients.

Qualifications:

- Must hold a valid driver's license
- Ability to load and move up to 100 pounds
- Prior experience handling drums and hoses preferred
- Forklift experience preferred
- Excellent communication skills
- Computer skills required
- Must be authorized to work in the United States

We offer a competitive salary and benefits package including an Employee Stock Ownership Plan (ESOP). Qualified candidates are encouraged to send a cover letter and resume to careers@barclaywater.com or fax to (617) 744-3450.
